About the Crew

Wind north-east, start lane zero-three...
Thoroughly checked the plane is waiting.
Papierflieger – which by the way means paper plane in German – from Rüsselsheim delivers the German alternative-metal soundtrack for the vertical take-off. Four tried pilots, amassing years of band-experience have found together to conquer

the German stages together – but what little do borders mean to a paper plane?

For example in 2019 they played at Schlossgrabenfest, Flörsheimer Open Air and Wutzdog Open Air but also other local gigs and additionally further abroad in Bremen and Oldenburg. With the current set featuring 45-60 minutes of own material the band is ideal for (support-)Gigs for Bands dedicated to the genres of Rock, Alternative, Punk and moderate subgenres of Metal.
